

**Adams-Columbia
Electric Cooperative**

11/3/08

To Whom It May Concern:

This letter provides me the opportunity to recommend JoLynn Rihn from Computer Training and Consulting.

JoLynn has conducted several training sessions for us at Adams-Columbia Electric Cooperative. She has tailored the various classes for our employees and board of directors needs and provided several options for customizing training handouts and manuals.

The feedback from our employees and board of directors who have attended the training classes given by JoLynn was extremely positive and they have requested her to come back to give additional instruction.

Sincerely,

A handwritten signature in cursive script that reads "Brenda Schwertsig".

Brenda Schwertsig
IT Supervisor
